

# Voluntary Financial Contributions 2023

Dear Abbotsford Primary School families,

We are looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2023.

**Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary.** Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

## SUGGESTED CONTRIBUTIONS FOR 2023

Voluntary contributions from families account for approximately 25% of the school's annual operating costs (excluding staff salaries.) The contributions play a vital role in ensuring that the school can continue to offer an excellent teaching and learning program, as well as an array of activities and opportunities for students.

Abbotsford Primary School appreciates that the pandemic may have impacted families in different ways. In the spirit of diversity and inclusion, we recommend families make voluntary contributions in consideration of one's own circumstance, as well as that of others in the community where there is capacity.

<b>Recommended Base Amount for 2023</b>	<b>\$ 500.00</b>
---	------------------

For a detailed breakdown of the contribution amounts, please see Page 3.
